

Addendum #1
ITB # 61-24, CNG Fuel Stations Maintenance & Monitoring
September 16, 2024

NOTICE IS HEREBY GIVEN that the following addendum serves to provide clarification and to answer the questions received on ITB # 61-24, CNG Fuel Stations Maintenance & Monitoring.

Question 1: Can you provide a list of equipment at each CNG station location?

Answer to Question 1: An itemized equipment listing has been provided under Exhibit B - Equipment List.

Question 2: Can you provide the current engine run hours for the each compressor at each location?

Answer to Question 2: As of August 24, 2024, the following engine run times listed on Exhibit B – Equipment List are as follows:

Compressor electric driven NG300E: Hours 1,405

Compressor A NG300E: Hours 7,499.3

Compressor B NG300E: Hours 1,603.7

HyC (Trillium/Parker): Hours 962.4

Question 3: Who do we coordinate with if our technician team would like to visit the CNG stations?

Answer to Question 3: At this time, the city does not plan on conducting site visits. Site locations can be found under Exhibit A – Compressed Natural Gas Station Locations. Please note that the City has a no-contact period (reference INSTRUCTIONS, i.9 LOBBYING NO-CONTACT PERIOD; QUESTIONS REGARDING SOLICITATION, page 3 of the solicitation).

End of Questions and Answers

All other dates and terms and conditions remain the same in this Invitation to Bid.
