**F. Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

**G. Public Input:** Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

**H. Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

**I. Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

1. Special Needs Households:

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at [www.floridahousing.org](http://www.floridahousing.org).

*“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.*

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the monies deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

*Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."*

*Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." 2. The addition of insulation in the attic to a nominal level of R30 to further reduce the energy consumption of cooling and heating units.
3. Installing new HVAC units which use less energy by being more efficient than previously installed units. The units must conform to the Florida Building Code and the Florida Energy Code (minimum of SEER 14) and they must be correctly sized for the building.
4. When new HVAC Ducts are installed, they are required to be insulated to a minimum of R-8 in accordance with the Florida Energy Code.
5. Replacement windows are to be hurricane impact, insulated and Energy Star™ A.N.S.I.A 134.1, NFRC rated.
6. Replacing doors with new engineered products which creates better air sealing with the program required weather-stripping as well as being better constructed and more sustainable than existing products.

- V. Describe efforts to meet the 20% Special Needs set-aside:** The City of Clearwater will work with strong partners with track records of providing housing for the special needs population. The Special Needs set-aside will be met through all strategies with particular attention given to the owner-occupied rehabilitation and multi-family strategies. The City of Clearwater will give first priority, in all housing strategies, to serving persons with special needs with an emphasis on removing barriers.
- W. Describe efforts to reduce homelessness:** The City of Clearwater initiated and maintains a comprehensive and holistic approach that established the City Homeless Initiative Program. The Homeless Initiative Program provides homeless individuals and families access to comprehensive services. The City has committed its support for organizations that provide wrap-around services that address the root causes of homelessness. In addition, the City contributes financially to the Homeless Leadership Alliance (HLA) which is an umbrella organization overseeing the continuum of care providers in Pinellas County. The following are some of the ways in which city funds are being used to provide services to individuals and families experiencing homelessness:
1. Overnight, emergency, transitional, or permanent housing to homeless individuals and/or families.

Upon exercise of this option by the Note Holder, the entire principal shall bear interest at the rate of three (3) percent per annum. In addition, households that have been assisted with any City's funds in the past are ineligible to receive funding again through any of the Housing Division's Programs, unless the prior assistance has been paid in full and a Satisfaction of Mortgage executed and recorded in Public Records, unless there

is some form of “*hardship*” as defined. Examples of hardship include divorce, permanent layoff, physical or mental disability, fire, flood, or natural disaster or the death of a family member. <b>B. ACQUISITION OF EXISTING HOME WITH REHABILITATION</b>	Code 1, 9
--	-----------

a. Summary: The City of Clearwater through eligible developers (for profit and non-profit) will use SHIP funds to acquire, rehabilitate and resell single-family housing units. The costs may include acquisition, rehabilitation (to include innovative design and green principles) and other costs associated with the resale of the single-family housing units.

The City may use SHIP funds as a match for the HOME program to loan funds to eligible developers for the acquisition and rehabilitation of existing housing units. Assistance will be repaid when the unit is sold to an eligible buyer. Under this strategy, the Community Land Trust principles may be utilized. The community land trusts become the stewards of the land and maintain it permanently beginning with a ninety-nine year, renewable ground lease. Developers and non-profits may purchase homes to be placed in a Community Land Trust. The homebuyers only own their home and sign a long-term lease on the land their home sits on. This ensures the affordability of the home because the homebuyer only obtains a mortgage on the structure.

**For the Homebuyer:**

The City of Clearwater through its housing programs and through its subrecipients will use SHIP funds to provide down payment and closing costs assistance to eligible very-low- to moderate homebuyers of existing rehabilitated homes.

### III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: **Expedited Permitting**

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

The City of Clearwater Economic Development & Housing Division continues to provide a form titled, "Request for Expedited Permit Process for Affordable Housing Activity" to fast track affordable housing projects.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The Economic Development & Housing Department typically receives new City Comprehensive Plan and Community Development Code provisions and ordinances for comment and participates in the City's review process prior to adoption. This review process is maintained as a regular agenda item during Senior Executive Team bi-monthly meetings.

C. The allowance of **flexibility in densities** for affordable housing

The City of Clearwater supports flexibility in densities for affordable housing through its Comprehensive Plan policies and through its Community Development Code.

Provide a description of the procedures used to implement this strategy:

Comprehensive Plan policies in support of flexible densities are adopted in the Future Land Use Element (FLUE) and Housing Element as follows:

Policy A.2.2.12 – The City will provide density bonuses for affordable housing developments that demonstrate that a minimum of 15% of the total units are reserved as affordable housing units. Such bonuses shall not exceed 50% of the density permitted by the Future Land Use Map and shall not include properties located in the Coastal Storm Area. The density bonus shall be established by ordinance in the Community Development Code. (FLUE)

Policy C.1.9.1 – The City will provide density bonuses for affordable housing developments that demonstrate that a minimum of 15% of the total units are reserved as affordable housing units. Such bonuses shall not exceed 50% of the density permitted by the Future Land Use Map and shall not include properties located in the Coastal Storm

Area. The density bonus shall be established by ordinance in the Community Development Code. (Housing Element)

- D. **The reduction of parking and setback requirements** for affordable housing  
The Housing Element of the City's Comprehensive Plan supports the reduction of parking and setback requirements for affordable housing.

Provide a **description of the procedures** used to implement this strategy:

The following policies in the Housing Element support the reduction of parking and setback requirements for affordable housing:

*Policy C.1.9.2 – Allow flexibility with regard to setbacks and off-street parking to accommodate density bonuses associated with affordable housing developments provided the project design does not detract from the established or emerging character of the immediate vicinity.*

*Policy C.1.9.3 – Allow flexibility with regard to off-street parking for projects containing affordable housing units located within 1000 feet of a transit stop.*

- E. The allowance of **flexible lot configuration, including zero-lot-line** configuration for affordable housing:  
The City currently allows flexible site plan configurations, including zero-lot line configurations for affordable housing. The plan must be sensitive to the character and context of existing neighborhoods. To this end, the City's incentives for affordable housing include compatibility criteria in conjunction with the density bonus as follows.

Provide a description of the procedures used to implement this strategy:

The City currently allows for site plan flexibility through the development review process, as supported by the City's Community Development Code. The City's incentives for affordable housing include compatibility criteria in conjunction with the density bonus as follows:

*Article 3, Division 9, Section 3-920.A.3.c.i. Compatibility Criteria –*

*b. Proportionality and scale of the proposed development shall be consistent with the community character of the immediate vicinity of the parcel proposed for development.*

*c. The overall aesthetics of the proposed development shall be compatible with or an improvement to the community character as determined by the community development coordinator.*

*d. The scale and coverage of the proposed development shall be compatible with adjacent properties. If the overall bulk is larger than the surrounding buildings, the bulk may be reduced with the help of design elements such as step backs and setback.*

- F. The preparation of a printed **inventory of locally-owned public lands** suitable for affordable housing:

The Affordable Housing Inventory List is maintained by Comprehensive Plan Policy:

*Policy C.1.2.6 - The City shall identify vacant and underutilized city-owned property that may be deemed surplus property and make it available for the development of affordable housing. (Housing Element)*

Provide a description of the procedures used to implement this strategy:

The Affordable Housing Inventory List is State-mandated by Section 166.0451, F.S. and was triennially updated. Updates occurred in 2009 by City Resolution #09-41 (November 5, 2009), in 2013 by City Resolution #13-10 (June 6, 2013), in 2016 by City Resolution #16-14 (June 16, 2016), and in 2019 by City Resolution #19-10 (June 20, 2019). As of 2019, there were 19 parcels suitable for the development of affordable housing.

Additionally, the City's Economic Development & Housing Department has a procedure in place to make publicly-owned land available to prospective developers and non-profit agencies to construct affordable housing. Since 2017, the Planning and Development Department has implemented a foreclosure program targeting properties with substantial code violations. As a result, several properties have been donated for affordable housing development.

- G. **The Support of development near transportation hubs, and major employment centers and mixed-used development**

The City promotes areas suitable for affordable housing through the Future Land Use Element (FLUE) of the Comprehensive Plan. The FLUE contains a number of policies related to activity centers and transit hubs as part of the City's overall design structure.

Provide a description of the procedures used to implement this strategy:

The Housing Element of the Comprehensive Plan also supports the location of assisted housing near major activity centers through the following policies :

*Policy C.1.4.2 – Assisted housing should be located in close proximity to employment centers, mass transit services, parks, and commercial centers. Additionally, both the City's Comprehensive Plan and Community Development Code allow flexibility in parking for affordable housing projects if located near a transit stop (Housing Element).*

*Policy C.1.9.3 as well as Community Development Code Article 3, Division 9, Section 3-920.B. for the City's "affordable housing parking incentive".*

/// 2020/2021 - 2024/2025 CONSOLIDATED PLAN  
/// 2020/2021 ANNUAL ACTION PLAN

CITY OF CLEARWATER, FLORIDA  
JULY 16, 2020

# Executive Summary

## ES-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

### 1. Introduction

The City of Clearwater, Florida, has completed the planning process for the 2020/2021-2024-2025 Consolidated Plan as required by the U.S. Department of Housing and Urban Development (HUD). The purpose of the Consolidated Plan is to identify goals, objectives, and strategies for addressing housing and community development needs, including those of the homeless and other special needs populations. This Consolidated Plan guides the use of City resources to address housing and community development needs over a five-year period.

The Consolidated Plan is developed in a manner specified by HUD, and the City has followed the prescribed format in completing the plan. The Consolidated Plan was developed using HUD and U.S. Census data for demographics and housing, input from public meetings and hearings, community surveys, and past program performance. During the planning process, the City conducted two community meetings with residents of low- and moderate-income neighborhoods. Additionally, the City conducted a subrecipient grant application workshop that specifically consulted housing and public service providers for these neighborhoods. The City also held two public hearings with the Neighborhood and Affordable Housing Advisory Board (NAHAB), and one public hearing with the City Council. The purpose of this process was to receive citizen input on the current housing and community development needs of the City. Concurrent with this plan, the City jointly conducted an Analysis of Impediments to Fair Housing Choice with Pinellas County; the citizen participation process for which was led and facilitated by Pinellas County.

There are four major areas of focus in the Consolidated Plan: Housing, Homelessness, Non-Housing Community Development and Non- Homeless Special Needs. The Consolidated Plan process requires the City of Clearwater to identify priority needs for each area and prepare an Annual Action Plan to address the priorities. For every priority, there are goals, objectives, and strategies established to measure progress. The citizen input was critical in developing the goals, objectives, and strategies of this Consolidated Plan.

This Consolidated Plan not only identifies goals to address the priority needs of the City, but also to address the statutory goals established by Federal law, which include:

Decent Housing:

- Assist homeless persons to obtain affordable housing
- Assist persons at risk of becoming homeless
- Retain affordable housing stock
- Increase the availability of affordable housing in standard condition to low- and moderate income families, particularly to economically disadvantaged persons (and without discrimination on the basis of race, creed, religion, color, age, sex, marital status, familial status, national origin, disability, gender identity or sexual orientation)
- Increase the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence
- Provide affordable housing that is accessible to job opportunities.

A Suitable Living Environment:

- Improve the safety and livability of neighborhoods Increase access to quality public and private facilities and services.

Expanded Economic Opportunities:

- Job creation and retention for low-income persons
- Availability of mortgage financing for low-income persons at reasonable rates using nondiscriminatory lending practices
- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing.

### **3. Evaluation of past performance**

The Economic Development and Housing Department oversees implementation of the CDBG and HOME programs. The previous Consolidated Plan covered a four-year period to align the City's planning cycle with that of Pinellas County. The past four years have shown significant progress in the City's efforts to implement HUD entitlement programs. The City is compliant with HUD regulations and continues to deliver housing and community development services in an efficient manner. Over the past four-year period, the City received an average annual allocation of approximately \$707,000 in Community Development Block Grant (CDBG) funds and \$333,000 in HOME Investment Partnerships (HOME). This amount totaled approximately \$2.8 million in CDBG funds and \$1.3 million in HOME funds over the past four years. With those funds, between 2,000 and 15,000 people were assisted annually.

With these funds, the Economic Development and Housing Department offered an array of housing programs and services providing the foundation needed to aid in promoting homeownership and/or sustainable neighborhoods:

- Homeowner rehabilitation, including emergency repairs and accessibility retrofitting for persons with disabilities
- Down payment and closing cost assistance for homebuyers

**Economic Development & Housing Department**  
**Affordable Housing Loan Foreclosure and Loan Foreclosure Alternative Policy**  
**June 1, 2017**

The City of Clearwater, through its affordable housing and community development programs, provides a variety of loans to very-low, low and moderate income households and to qualifying businesses. The funds for these loans come from local, state and federal affordable housing and community/economic development grant programs. From time to time, loans issued by the city fall into default status. This policy sets forth the guidelines of an analysis of whether city staff will seek permission from Clearwater City Council to take legal measures to initiate a foreclosure. Prior to initiating a foreclosure, staff will evaluate all reasonably available alternative options to foreclosure.

### **Loan Foreclosure Alternatives**

#### Change of Ownership (typically following the death of a borrower)

Under the city's loan programs, the full balance of a loan is due when the borrower no longer resides in the mortgaged home. With written approval from the Director of the Economic Development & Housing Department, the loan may be assumed by a new owner and/or restructured at the city's discretion if the following requirements are met:

- The new owner obtains title to the home and conditions of title are satisfactory to the city.
- The new owner meets income-qualifying criteria as determined by the applicable loan program requirements.
- The new owner will occupy the home as his/her principal address.

If the new homeowner fails to meet all of the aforementioned conditions, but is willing to make payments on the loan, the city will convert the loan to a low-interest loan under the following conditions provided the loan was not funded with HOME program funds:

- The proposed loan conversion is allowable under the applicable loan program.
- City staff and the new homeowner agree to modified loan terms.
- The new interest rate shall not be more than three percent (3%).
- The loan balance will be due upon the sale of the home.

If staff and the new homeowner are unable to agree on loan payment terms and the new owner of the property is unable or unwilling to pay the balance of the loan in full, the city may seek a deed in lieu of foreclosure; otherwise, city staff will seek City Council approval to initiate foreclosure.

If the loan was funded with HOME program funds and the new homeowner does not income-qualify, the city shall recapture the loan balance per HOME program requirements. Failure to recapture funds will be cause for staff to seek City Council approval to initiate the foreclosure process. See attached flow chart titled "Change in Ownership – Loan Balance Due" showing the process staff will follow under a Change in Ownership situation.

#### Nonpayment/Noncompliance

If a monetary or non-monetary delinquency or default occurs, city staff will notify the borrower in writing of the delinquency. The notice will also inform the borrower of housing counseling programs that may be available to the borrower. Should borrower fail to respond, city staff will follow the following guidelines:

- Borrower will have thirty (30) days to bring the account current, supply the requested information and/or contact city staff.
- If borrower fails to respond within thirty (30) days of the date of the first notice, staff will send a second notice.
- If borrower fails to respond within thirty (30) days of the date of the second notice, staff will send a third notice.
- If borrower fails to respond to the third notice within thirty (30) days, the borrower's loan will be placed in default status and will accrue charges per the loan documents.
- If borrower responds during the notice period and represents a valid hardship preventing borrower from making payments, city staff will evaluate borrower's circumstances and may grant up to a six-month (6-month) deferral. If the deferral is granted, borrower's loan will be placed in a "Suspense/Deferred" status and will not accrue late fees during the deferral period.

Financial hardships may include but are not limited to the following:

- Loss of full-time job or substantial loss of income, through no fault of their own
- Death of spouse or partner that substantially reduces household income
- Call to duty – U.S. Armed Forces
- Loss of value where repayment of the city loan will result in a negative equity situation
- Substantial decrease in household income
- Temporary or permanent disability that reduces income
- Recent divorce that reduces income

For those loans that have payments and that are in a Suspense/Deferred status, the City will reevaluate the financial situation of the borrower in six (6) months from the date that the loan was put into Suspense/Deferred status to determine if the borrower is in a position to resume payments. If the borrower is still unable to resume payments after six (6) months, the City will reevaluate the borrower once again at one (1) year from the date that the loan was put in Suspense/Deferred status. If after one (1) year, the borrower is still unable to resume payments, and if a hardship exists that is preventing the borrower from repaying the loan or resuming payments, the City, at its sole discretion, may grant a longer deferment (up to six months). City staff will monitor borrower's circumstances during the deferment period to confirm that a hardship continues to exist. The city may consider requiring lower payments or converting a payment-type loan into a deferred payment-type loan whereby payment is deferred until such time as the borrower's financial situation improves or no longer resides at the mortgaged property. Regardless of borrower's hardship, the full balance of the loan is due upon sale of the home or if borrower no longer resides at the home (refer to "Change of Ownership" section herein). See attached flow chart titled "Loan Default" showing the process staff will follow under a Nonpayment/Noncompliance situation.

#### Deed in Lieu of Foreclosure

If city staff and borrower are unable to agree to a workout plan, then city staff will determine whether a deed in lieu of foreclosure is a viable option. A staff analysis will determine the financial feasibility and the condition of the home. If staff determines that a deed in lieu of foreclosure is an acceptable alternative to foreclosure, and borrower is amenable, staff will seek approval from City Council to accept a deed whereby the city takes title to the property and borrower's loan is forgiven.

## **Foreclosure**

Foreclosure may occur if the City and borrower (or heir(s)) are unable to come to an agreeable workout plan. Foreclosure is the legal means the City of Clearwater may use to recover the balance of a loan from a borrower who has stopped making payments on a loan, by forcing the sale of the asset used as

the collateral for the loan. When this happens, a person must move out of the mortgaged property. If a property is worth less than the total amount owed on the mortgage loan, the City may seek a Deficiency Judgment which may result in the borrower owing the lender an additional debt. Foreclosure will serve as the last resort the City will use when pursuing recovery of loans, delinquent payments and/or required documentation (see Loan Foreclosure Alternative section herein).

Housing Division staff will conduct a comprehensive analysis of funding source rules & regulations, financial and other repercussions of a potential foreclosure, and a borrower's willingness and ability to pay back the loan. For properties encumbered by a Land Use Restriction Agreement (LURA), staff will consult with the City Attorney's Office to determine potential consequences arising from the LURA if a foreclosure action is taken. Such consequences must be acceptable to staff and allowable under the funding program used to finance the subject loan. Following the staff analysis, the Director of the Economic Development and Housing Department will determine whether to submit a staff recommendation to City Council to initiate a foreclosure. Initiating the foreclosure process requires City Council approval at a duly noticed City Council meeting. If staff determines that alternatives to foreclosure are not adequate and pursuing foreclosure is in the city's best interest, staff will inform the borrower of the Council Meeting at which staff will seek City Council approval to initiate a foreclosure action.

In certain situations, a property may have been foreclosed on without the City of Clearwater, as a debtor, being notified of the foreclosure action. When the City is informed of a foreclosure that has occurred, the Housing Division will notify the City Attorney's Office and request that they obtain a copy of the Final Summary Judgment. The Legal Department will also confirm that the title to the property has been transferred and that it is no longer in the original borrower's name. If the property is in the original borrower's name then the City will pursue recovery. If the City has verified, via Final Summary Judgment and Certificate of Title, that the property has been transferred and is not in the borrower's name, the City will evaluate legal options on a case-by-case basis.
