The Agreement has been negotiated in good faith for the purpose of promoting harmonious relations, establishing an orderly and peaceful procedure to settle differences which might arise, and setting forth the basic and full agreement between the parties concerning wages, rates of pay, hours of work, and all other terms and conditions of employment.

ARTICLE 1 RECOGNITION AND GENERAL PROVISIONS

Section 1. Exclusive Bargaining Agent

The City recognizes the Union as the exclusive bargaining representative in accordance with Chapter 447, Florida Statutes, as amended, for all employees in the bargaining unit defined by the Public Employees Relations Commission and issued Certification number 122 in Case No. SH-RA-756-1129 dated September 3, 1975. All persons in the classifications designated Firefighter, Firefighter/Driver-Operator, Fire Medic, Fire Lieutenant, Fire Medic Lieutenant, Fire Inspector I, Fire Inspector II, and Fire Prevention Inspector shall be included in the bargaining unit. All others shall be excluded. Any incumbent of the Fire Prevention Inspector job classification as of the effective date of this Agreement shall be permitted to maintain such job classification designation. There shall be no further bargaining unit members allocated to the Fire Prevention Inspector job classification after the effective date of this Agreement.

Section 2. New Classifications

Should the City and the Union agree to establish new job classifications within the Fire Department which may be in the bargaining unit, the City shall provide notice to the Union not less than 30 days prior to staffing such classification. The parties shall submit a Unit Clarification Petition to the Public Employees Relations Commission and shall negotiate appropriate wage rates, hours, and terms and conditions of employment for such classification.

Section 3. Contract Constitutes Entire Agreement of the Parties

This Agreement contains the entire contract, understanding, undertaking, and agreement of the parties hereto, and finally determines and settles all matters of collective bargaining for and during its term, except regarding the City's Pension Plan and as may be otherwise specifically provided herein.

The Parties agree to bargain proposed changes to the City's Pension Plan at the same time that bargaining occurs for this agreement and successor agreements.

ARTICLE 2 REPRESENTATIVES OF PARTIES

Section 1. The City agrees that during the term of this Agreement it will deal only with the authorized representatives of the Union in matters requiring mutual consent or other official action called for by this Agreement. Authorized representatives shall be defined as the elected Officers of the Union and duly elected or appointed stewards. The Union agrees to notify the City of the name of such authorized representatives as of the execution of this agreement, and any change in elected Officers or appointed stewards shall be provided by the Union to the Office of the Fire Chief within 72 hours of the change.

Section 2. The Union likewise agrees that during the term of this Agreement the Union and the employees covered hereunder shall deal only with the City Manager or his/her representative in matters requiring mutual consent or other official action. The Union specifically agrees that neither the Union nor the employees covered hereunder shall seek to involve the City's elected officials in the administration of this Agreement or otherwise in the operation of the City's Fire Department; provided that nothing contained herein shall restrict an employee's opportunity to present non-employment related matters to such elected officials.

ARTICLE 3 RIGHTS OF PARTIES

Section 1. Management Rights

Except as expressly limited by any provision of this Agreement, the City reserves and retains exclusively all of its normal and inherent rights with respect to the management of its operations, whether exercised or not, including, but not limited to, its rights to determine, and from time to time redetermine, the number, location and type of its various operations, functions and services; the methods, procedures and policies to be employed; to discontinue the conduct of any operations, functions or services, in whole or in part; to transfer its operations, functions or services from or to, either in whole or in part, any of its departments or other divisions; to select and direct the working force in accordance with requirements determined by the City; to create, modify or discontinue job classifications; to establish and change working rules and regulations; to establish and change work schedules and assignments; to transfer, promote or demote employees; to lay off, furlough, terminate or otherwise relieve employees from work for lack of work, lack of funds, or other legitimate reason; to suspend, discharge or otherwise discipline employees for proper cause; to alter or vary past practices and otherwise to take such measures as the City may determine to be necessary to the orderly and efficient operation of its various operations, functions and/or services.

Section 2. Emergency Conditions

If in the sole discretion of the City Manager or Mayor it is determined that civil emergency conditions exist, including, but not limited to, riots, civil disorders, strikes, hurricane conditions, or similar catastrophes or disorders, the provisions of this Agreement may be suspended by the City Manager or Mayor during the term of the declared emergency provided that wage rates and other direct monetary payments shall not be suspended.

Section 3. Union Rights

- A. Stewards:** There shall be one (1) Union Official or designee for all bargaining unit members on each shift for line personnel and one additional Union Official or designee for Fire Prevention personnel. An employee working on duty shall be represented by the respective (line or inspection) "on-duty" representative or other union official.

It shall be the employee's responsibility to obtain a representative when the Fire Chief or his/her designee determines that the on-duty representative cannot be made available due to operational demands.

All members of the bargaining unit may wear the I.A.F.F. pin on their uniforms.

- B. Checkoff:** The City shall deduct and provide to the Union on a biweekly basis dues and uniform assessments owed by the employee to the Union in an amount certified to be correct by the Union Secretary-Treasurer. Prior to such deduction, the Union shall provide the City with a signed statement from each employee authorizing such deduction in a form satisfactory to the City.

The Fire District Commander will continue to include the Union notices in the intra-departmental mail which he/she delivers to the stations.

E. Employee Orientation: The City shall permit the Union to make a presentation to all new bargaining unit members at the City new employee orientation. Subject matter of the Union presentation and any Union materials to be distributed must be approved by the City Manager or his/her designee.

Section 4. No Discrimination

Any claim of discrimination under Federal or State civil rights laws by an employee against the City, its officers or representatives shall not be grievable or arbitrable under the provisions of Article 6 but shall be subject only to the method of review prescribed by law. Nothing herein contained shall preclude the right of an employee to grieve and arbitrate disciplinary action taken by the City, except as otherwise herein provided.

Section 5. Disability Retirement Process

Upon receipt of a complete application for a disability pension, which includes the most recent medical conclusions known to the applicant at the time of submittal, the City shall request and obtain an independent medical evaluation ("IME"). If disabilities are claimed that involve multiple specialties, one IME per specialty shall be selected. Any costs directly or indirectly relating to IME's shall be paid by the pension plan.

After receiving the completed IME report(s), the application and any other records the City deems relevant to the application, the City Attorney's Office shall either review or arrange for outside legal counsel to review, on behalf of the City, the merits of the application. The City Attorney's Office, or legal counsel hired by the City Attorney's Office for this purpose, shall recommend to the City Manager either a stipulated approval or an evidentiary hearing. The City Manager shall take the recommendation under advisement and consider any other factors he/she deems relevant to the application and determine on behalf of the City whether to enter a stipulated approval, or whether to schedule an evidentiary hearing.

If the City Manager enters into a stipulated approval, an agenda item shall be brought before the Pension Trustees confirming the stipulation. The role of the Pension Trustees in said approval shall be ministerial in nature. Upon approval by the Pension Trustees, the City shall finalize and distribute the disability pension benefits to which the applicant is entitled.

If the City Manager opts for an evidentiary hearing, the hearing shall be conducted by the State of Florida Division of Administrative Hearings ("DOAH"). The Pension Trustees will enter into a contract with DOAH for this purpose. It shall be the duty of the hearing officer to review the application for a disability retirement, determine whether the claim meets the criteria for awarding a disability pension benefit, and issue a recommended order.

During the formal hearing, the applicant and City shall have the right to be heard, to be represented by a person of their choice, and to present evidentiary facts. Each party shall pay its own expense for its representative, counsel, and witnesses.

At the formal hearing, the technical rules of evidence shall not apply. The hearing officer shall have the power to administer oaths, issue subpoenas, compel the production of books, papers and other documents and receive evidence. The hearing officer shall utilize a procedure similar to that set forth in F.S. §§ 120.569 and 120.57. The hearing officer shall have no authority to award attorney's fees to the prevailing party.

All recommended orders prepared by the hearing officer shall conform with the requirements for such orders as set forth in F.S. §§ 120.569 and 120.57. The hearing officer shall then transmit the recommended order composed of findings of fact, conclusions of law, and disposition to the Pension Trustees.

The Pension Trustees may adopt the recommended order as the final order. The Pension Trustees in its final order may reject or modify the conclusions of law over which it has substantive jurisdiction and interpretation of administrative rules over which it has substantive jurisdiction. When rejecting or modifying such conclusion of law or interpretation of administrative rule, the Pension Trustees must state with particularity its reasons for rejecting or modifying such conclusion of law or interpretation of administrative rule and must make a finding that its substituted conclusion of law or interpretation of administrative rule is as or more reasonable than that which was rejected or modified. Rejection or modification of conclusions of law may not form the basis for rejection or modification of findings of fact. The Pension Trustees may not reject or modify the findings of fact unless the Pension Trustees first determines from a review of the entire record, and states with particularity in the order, that the findings of fact were not based upon competent substantial evidence or that the proceedings on which the findings were based did not comply with essential requirements of law. The Pension Trustees may accept the recommendation in the recommended order but may not reduce or increase it without a review of the complete record and without stating with particularity its reasons therefore in the order, by citing to the record in justifying the action.

Any party adversely affected shall have the right to have the administrative proceeding reviewed by filing a petition for certiorari with the circuit court of Pinellas County as provided by Rule 9.100 of the Florida Rules of Appellate Procedure.

ARTICLE 4 NO STRIKE

Section 1. The Union agrees that during the term of this Agreement, it shall not authorize, instigate, condone, excuse, ratify or support any strike, slowdown, sit-down, work stoppage or any other act of like or similar nature likely to interfere with the efficient operation of the City's affairs engaged in or supported by members of the Union and/or employees represented by the Union or other agents or representatives of the Union. The parties specifically incorporate herein the provisions of FS. 447.505, 447.507 and 447.509.

Section 2. Should the Union or employees covered by this Agreement within the City's Fire Department breach this Article, the City may then proceed against the Union as covered in FS 447 and such sections of state and federal law that may apply. The City would also be entitled to obtain an injunction with notice at ex-parte hearing for breach of this Article.

Section 3. Should any member of the bargaining unit be found guilty of striking as defined in Chapter 447, Florida Statutes, he/she shall be subject to dismissal, and it is expressly agreed that such violation constitutes just cause for dismissal.

ARTICLE 5 LABOR-MANAGEMENT COOPERATION

- A.** The City and Union agree to maintain a cooperative Labor/Management committee for the IAFF Local 1158 bargaining units. The committee shall consist of an equal number of members of each party not to exceed a total of eight (8) members. It is understood that this committee in no way is a substitute for the grievance procedure or the right of collective bargaining but has been established for the purpose of discussion and input from both sides on matters that may be mutually resolved by the parties or may eventually become items of collective bargaining, grievances, or litigation.

The Labor/Management Committee will meet quarterly or as deemed necessary by the Committee. Either side may cancel a meeting with 24-hours notice. A cancelled meeting may be rescheduled with mutual consent. The Committee will draft bylaws addressing administrative protocols. Adoption and any changes to bylaws shall require a simple majority vote among all members of the Committee. The City will maintain a written brief summary of the events of the meetings. The Union will be permitted to add comments to the summary if necessary.

3. **Workplace Safety Coordinator.** A Clearwater Fire and Rescue Chief Officer shall be designated as the department Workplace Safety Coordinator for the purpose of chairing the committee and providing administrative support.
4. **Meetings.** Upon approval of this agreement by the City Council, the committee shall meet within thirty calendar days thereafter to establish those duties and procedures as outlined in, but not limited to, Florida Statute 633.810, and as approved by the Fire Chief or his/her designee.

ARTICLE 6 GRIEVANCE PROCEDURE

Section 1. A grievance shall be defined as any difference, dispute or complaint regarding the interpretation or application of the terms of this Agreement, except as exclusions are noted in other articles of this Agreement. The grieving party must state in writing the remedy sought to resolve the grievance.

Section 2. All grievances filed shall be submitted on the appropriate form (City form #9900-0061, IAFF Grievance Form), and shall refer to the specific Article and section of this Agreement upon which the grievance is based, and shall contain a concise written statement of the facts alleged to support the grievance, and shall be signed by the grievant or representative. A Grievant may be accompanied by a representative of the

Union at any time during the Grievance Procedure. Newly hired probationary employees shall not have access to the Grievance Procedure for any matter of discipline (including discharge), assignments, scheduling, or access to training opportunities during the probationary period. Any grievance by a permanent employee relating to suspension or dismissal shall be initiated at Step 2.

On behalf of employees covered by this Agreement, the Union hereby waives all rights of these employees to utilize and appeal to the Civil Service Board concerning any matter defined in this Agreement. This shall specifically include appeals and grievances relating to suspensions, demotions and dismissals.

Grievances may be filed and processed by the Union except grievances of discipline that must be initiated by the disciplined employee.

As used in this Article, the term "employee" may also mean a group of employees having the same grievance. In such event, one employee shall be designated by the group of employees to act as a spokesperson and shall be responsible for processing the grievance. All employees in the group shall be identified, however only the spokesperson needs to sign the grievance.

For purposes of this Grievance Procedure, normal working hours shall be considered 8:00 a.m. to 5:00 p.m. and normal workdays shall be considered Monday through Friday, holidays excepted.

STEP 1

The grievant shall present his/her grievance in writing to their Fire District Commander or Fire Marshal within 30 calendar days after the grievant has knowledge or constructive knowledge of the occurrence of the action giving rise to the grievance. The Fire District Commander or Fire Marshal shall arrange for a meeting with the grievant within 14 calendar days of receipt of the grievance. Discussions will be informal for the purpose of settling differences in the simplest and most direct manner. The Fire District Commander or Fire Marshal shall review the grievance and submit a decision in writing to the grievant within 30 calendar days from the date of the meeting. If the grievance is not resolved at Step 1, the grievance may be appealed to Step 2.

STEP 2

If the grievance is not settled at the first step, the grievant shall, within 30 calendar days of the date of written notification from the Fire District Commander or Fire Marshal, present the written grievance to the Fire Chief or designee. The Fire Chief or designee shall obtain the facts concerning the alleged grievance and shall, within 14 calendar days following receipt of the written grievance, meet with the grievant. The Fire Chief or designee shall review the grievance and notify the grievant of his/her decision in writing not later than 30 calendar days following the meeting day. If the grievance is not resolved at Step 2, the grievance may be appealed to Step 3.

STEP 3

If still unresolved, the grievance may be submitted to the City Manager or designee within 30 calendar days of the date of written notification from the Fire Chief or designee. At the request of the grievant, the City Manager or designee shall meet with the grievant. The grievant must make this request to meet with the City Manager at the time of submission of the grievance to the City Manager or designee. If so requested, the City Manager or designee shall arrange a meeting with the grievant within 30 calendar days of the request. The City may determine who shall meet with the employee. Within 30 calendar days of the meeting, the City Manager or designee shall notify the employee, in writing, of their decision.

If no meeting is requested by the grievant at the time of submission of the grievance to the City Manager or designee, the City Manager or designee shall notify the employee of their decision in writing within 30 calendar days of receipt of the grievance. If a grievance is not submitted to the City Manager or designee, it shall be deemed to have been resolved at Step 2 to the grievant's satisfaction. The City shall notify the Union in writing of any change in the City Manager's designee for the receipt or hearing of grievances.

Section 3. In the event that the grievance is still unresolved, the matter may be submitted to final and binding arbitration as provided in this section.

- A.** Within 30 calendar days of the decision of the City Manager, the aggrieved party shall notify the City Manager of their intent to arbitrate. Within 30 calendar days of the notice of intent to arbitrate, said party shall request from the Federal Mediation and Conciliation Service a list of seven names of qualified arbitrators. Each party shall have the right to unilaterally reject one list of arbitrators received from FMCS. Thereafter, a list may only be rejected by mutual consent of the parties. Within 21 calendar days after the receipt of such a list, representatives of the parties shall meet and each party shall strike three names. A flip of the coin shall determine who shall strike the first name, and then the other party shall strike a name. The process shall then be repeated until one name remains and the remaining name shall be the arbitrator selected and notified of his/her selection as arbitrator. As promptly as can be arranged but not more than 60 calendar days unless mutually agreed by the City and Union, the arbitration hearing shall be held. Each party shall pay its own expense for its representative, counsel and witnesses. The charges of the arbitrator shall be shared equally by the City and the aggrieved party. The decision of the arbitrator shall be final and binding on both parties, except that either party may seek review as provided by law. The arbitrator shall have no power to add to, subtract from, modify or alter the terms of this Agreement.
- B.** Copies of the decision of the arbitrator made in accordance with the jurisdiction and authority of this Agreement shall be furnished to both parties within 30 calendar days from the close of the hearing or as otherwise agreed to by both parties.

Section 4. Formal Processing of Grievance Initiated By The City

Where any provision of this Agreement involves responsibility on the part of the Union which, in the view of the City, is not properly being carried out, the City may present the issue to the Union as a grievance. If such grievance cannot be resolved by discussion between the City and the unit representative on an informal basis, the grievance may be formally filed in writing by the City Manager or his/her designee by giving written notice to the business agent of the Union. Such notice shall indicate the provision(s) of the Agreement which the City contends is/are not properly being carried out by the Union. If not resolved within 30 work days following receipt by the Union of the written grievance, the City may submit the grievance to arbitration under the provisions of Section 3 of this Article.

Section 5. All of the time limits contained in this Article may be extended by mutual written consent of the parties. If the grievant fails to submit or advance a grievance at any step in the process within the prescribed time limit as defined above, the written determination received by the grievant from the respondent at the prior step shall be considered accepted by the grievant, and the grievance shall be considered resolved. If the City fails to respond to a grievant at any step in the process within the prescribed time limit as defined above, the Union may advance the grievance to the next step in the process.

Section 6. If an employee chooses to process their own grievance, the Union must be invited to attend any meeting where the resolution of the grievance may occur. FS 447.301(4).

- C.** Any employee whose appearance is required in Circuit Court or County Court as the result of a matter arising out of the course of his/her employment, shall receive a minimum of two hours pay if such attendance is during the employee's off-duty hours. Section 14. Line-of-Duty Injury Pay

The City hereby agrees to pay the following compensation to any employee injured in the line of duty in accordance with the following definitions, terms and conditions.

- A.** Line-of-duty compensation shall be payable under this section only with respect to disability as the result of injury to an employee where such injury is incurred in the line of duty.
- B.** An injury shall be deemed to have been incurred in the line-of-duty if and only if such injury is compensable under the Florida Workers' Compensation Law.
- C.** The amount of line-of-duty compensation paid shall be the amount required to supplement funds received from the Florida Workers' Compensation Law and any other disability or other income plan provided by the City, either by law or by agreement, to the point where the sum of the line-of-duty supplement herein provided and all other payments herein described equal the employee's regular rate of pay at the time of the injury.
- D.** No line-of-duty compensation under this section shall be allowed for the first seven calendar days of disability (except as provided below); provided, however, that if the injury results in disability of more than 21 calendar days, compensation shall be paid from the commencement of the disability. (It is understood that this paragraph is so stated to be in compliance with current workers' compensation law. Changes in workers' compensation law will modify this paragraph accordingly.)
- E.** The term disability as used in this section means incapacity because of the line-of-duty injury to earn in the same or any other employment the wages which the employee was receiving at the time of injury.
- F.** It is the intent of this section to provide supplemental compensation for line-of-duty injuries only, and this section shall not be construed to provide compensation in the event of death or injury incurred in any manner other than in the line of duty. In the event of any dispute or disagreement concerning the interpretation of the terms of this section, then the decisions concerning definition of those terms issued under the Florida Workers' Compensation Law shall control.

- G.** The City will provide line-of-duty compensation in the amount necessary to supplement funds received from the Florida Workers Compensation Law in order to equal the employee's regular rate of pay with no charge to the employee's accrued paid leave. - H.** Line-of-duty injury pay will be provided from the first day of injury for those defined in (G) above; however, the amount paid shall be only that amount required to supplement funds received by the employee from the Florida Workers' Compensation Law and any other disability or other income plans provided by the City, to the point where the sum of all payments is equal to the employee's regular base pay rate at the time of injury. At such time as the employee receives his/her initial workers' compensation payment, the City shall approximate the differential needed to equal the employee's base pay and shall provide such line-of-duty injury pay to equal the employee's regular base pay rate at the time of injury. Any adjustment to the City's line-of-duty injury pay under this policy will be made following the employee's return to work or at the expiration of the period for which line-of-duty injury pay is provided.
- I.** Line-of-duty pay shall not be provided from the first day of injury to any employee after the third year of employment. Following the time limits prescribed for the provision of line of duty compensation in paragraph (G) above, employees shall be required to utilize accrued paid leave time to supplement funds received from the Florida Workers Compensation Law in order to maintain a paid status. Employee shall be permitted to utilize accrued paid leave time only in the amount necessary to supplement funds received from the Florida Workers Compensation Law in order to equal the employee's regular rate of pay at the time of the injury.
- J.** It is the intention of the parties that nothing in this Agreement shall interfere with the normal procedures under the Workers' Compensation Laws or the requirements of the City's workers' compensation insurance carrier. This right may be rescinded on an individual basis if repeatedly abused. The City shall have the right to require the employee undergo a physical examination by a physician of its choice prior to receiving or continuing to receive compensation under this Section.
- M.** Failure to immediately report a line-of-duty injury to the employee's immediate supervisor or to the Risk Management Division within 24 hours of the time of occurrence of the injury, shall result in a loss of all line-of-duty pay under this Article unless such failure to report was: (a) caused solely by and as a direct result of the employee's injuries or (b) resulted from the occurrence of an event over which the employee had no control in the opinion of the City Manager.

The City reserves the right to hire into the classification of Fire Medic new employees who possess the appropriate Paramedic certifications, and to require that such certifications be maintained as a condition of continued employment.

 4. The demotion of an employee required to possess an EMS certification shall not be subject to the contractual grievance procedure or Civil Service appeal procedure when the demotion or removal of pay is based upon loss of EMS certification due to action taken by the office of the Medical Director of Pinellas County or by the State of Florida.
 5. The demotion of an employee required to perform EMS services or the removal of Paramedic certification pay shall be subject to the contractual grievance procedure or the Civil Service appeal procedure only if such demotion or removal of pay is the result of a disciplinary action not related to the above referenced loss of EMS certification.
 6. If the employee

waits too long and there are no available slots left, they will risk losing the days. Floating holidays may be submitted for pay in accordance with this Agreement. Additional vacation days will be lost or can be donated to the Department leave pool. However, no employee shall be permitted to donate more than three days of leave per year to the pool.

- d. All vacation days not submitted are subject to forfeit in accordance with the above except by permission of the Fire Chief.

If more than 9 days are linked, the employee shall be responsible for any training required to maintain certification that is missed during the scheduled time off. The Department will make every effort to schedule this training while the employee is on duty. If this cannot be done, then it is the employee's responsibility to complete the required training on his/her own time.
- f. The changing of sick leave incentive days for previously used floating holidays is not allowed.
- g. When an employee is assigned to a different shift or changes job classification after their vacation selection has been completed and approved by the Department, the employee may request to maintain the previously selected vacation or may request alternate vacation days instead. The Department will attempt to accommodate such requests as staffing levels and operational requirements permit.
- h. Should any previously chosen vacation days associated with or adjacent to designated City holidays or any additional days designated by the Union at the initial vacation selection period become available due to personnel shift changes, Light duty assignments of personnel, or forfeiture of previously scheduled days, the Union shall be responsible for re-assigning the available days. Re-assignment shall be in accordance with Department standards for staffing and leave. The union shall designate one person per shift as the contact person for the re-assignment of vacation days and who shall be responsible for forwarding the information to the Fire District Commander for scheduling.

1. Payment of unused vacation leave and banked vacation hours will be paid at the employee's current base rate of pay upon separation of the employee, provided the employee has more than one year of continuous service, or such hours may be utilized to advance the date of retirement.
2. When a bargaining unit member is required to work a partial day on any day that he/she has previously been approved for vacation leave, the employee's vacation leave balance shall not be charged for the hours worked and such hours worked shall be paid at the overtime rate of pay but shall not be subject to the minimum hours assigned to holdover or call back in accordance with this Agreement. Should the number of vacation hours not charged due to such circumstances equal twelve hours or more, the employee shall be permitted to request to use the portion of such hours equaling a twelve-hour block in accordance with Paragraph B.,7. above. The employee shall be permitted at the end of the calendar year to request payment for any remaining balance of less than twelve vacation hours not charged due to having worked a partial day, in accordance with the established provision for the payment of floating holidays as outlined in this Agreement.

Actual work includes periods when the employee is using accumulated sick leave (but not sick leave pool), holidays, vacation with pay, and the no-loss-of-pay sick time. Employees shall not accrue sick leave during any other period of time when they are in a non-paid status or utilizing "retirement advancement".

C. All accumulated unused sick leave shall be credited to any employee recalled from a lay off, transferred, or certified to another department or classification without break in service, appointed from a reemployment list or returning from a leave of absence. If the employee is

promoted, demoted or transferred to another City position with a different Scheduled Pay Period Hours other than that defined above, that employee's sick leave balance will be adjusted to reflect equivalent days of sick leave earned, consistent with his/her new scheduled pay period hours.

- D.** In the event an employee has been separated and paid for accumulated unused sick leave as hereinafter provided or has been dismissed for cause and subsequently is re-employed by the City, his/her subsequent sick leave accumulations shall be calculated as a new employee.
- E.** Under the provisions of this section, an employee may utilize his/her sick leave for absences from duty resulting from illness or injury to the employee or a family member on any of his/her regularly scheduled work days for the number of regular hours he/she would otherwise have been scheduled to work on that day had not such absence occurred.  2. Necessitated by exposure to contagious disease in which the health of others would be endangered by his/her attendance on duty.
 3. Due to medical or dental appointments, or other personal sickness prevention measures, the scheduling of which at times other than during his/her regular working hours is impossible or unreasonable.
 4. Due to illness of a member of his/her immediate family which requires his/her personal care and attention. The term "Immediate Family" as used in this paragraph shall be limited to spouse or domestic partner of record, as defined in accordance with criteria, policies, and procedures determined by the City, or the employee's or employee's spouse's or domestic partner's child, parent, foster-child(ren), minor-guardianship(s), brother, sister, grandparent, grandchild, great-grandchild, stepparent, or stepchild, domestic. 5. If an employee is under a doctor's care or if a member of the employee's immediate family is under a doctor's care and the doctor certifies that the employee's personal care and/or attention is required, said time of absence shall not be considered as grounds for any discipline, provided that personal sick leave is not used in excess of accumulated sick leave.

G. An employee absent for one of the reasons mentioned above shall inform his/her immediate supervisor as early as possible on the first day of absence. Failure to do so may be the cause for denial of sick leave with pay for the period of absence. In any event, the Departmental Rules shall govern the notification requirements.

H. Payment for Unused Sick Leave

Upon separation from City service, an employee shall be paid one-half of his/her accumulated unused sick leave. The rate of payment shall be based on the regular hourly rate (excluding shift differential or any other addition to base pay) of the employee on the last day worked prior to separation.

The employee qualifies for payment if:

1. The employee has had at least 20 years of continuous service with the City. Leaves of absence without pay, suspensions and layoffs followed by subsequent re-employment shall not be considered as breaks in service. The length of such time off or layoff shall be deducted from the total length of service. Military leaves and leaves during which the employees are receiving Workers' Compensation shall not be deducted from continuous service; or
2. The separation is involuntary on the part of the employee including disability (incurred on or off the job) and layoffs; or

In that event, the employee shall execute a resignation to become effective on the date that such accumulated unused sick leave would be exhausted. Such resignation shall be irrevocable, and retirement shall begin at the time such resignation becomes effective. In the interim, payment for accumulated unused sick leave shall be made as a continuation of the employee's regular pay from which all regular payroll deductions shall be made in order to preserve his/her retirement status. Accumulated unused sick leave will be charged as outlined in paragraph (1) of this subsection.

- I.** An employee may not utilize his/her accumulated sick leave absence for absences resulting from an injury arising out of and in the course of employment, other than City employment, for which monetary or other valuable consideration is received or expected. Any employee who utilizes accumulated sick leave, or who attempts to utilize accumulated sick leave, for absences resulting from an injury arising out of and in the course of employment, other than City employment, may be terminated or suspended, as in the City's judgment, is appropriate.

In that event, the employee's accumulated unused sick leave shall be charged only in the same proportion as his/her sick leave payment is to his/her regular biweekly salary which shall be deemed to be that same proportion of the number of regular hours he/she would otherwise have been scheduled to work for the day, week or other period involved, rounded out to the nearest tenth of an hour.
- M.** The use of sick leave for purposes other than those designated herein will be considered a major rule infraction.

This shall be limited to one time per year; however, the 3-day donation limit shall not be modified.

Absences for Union time excluding the Union president/designee shall count toward the total number of seven employees permitted to be absent for personal leave on any given shift. Any unused portion of the balance is to be carried over into the next contract year.

Any use of City facilities for Union-related business shall require written request at least 48 hours in advance to the Fire Chief, which may be granted or denied at his/her sole discretion. Executive Board members only shall be permitted to conduct/attend Executive Board meetings while on duty with no charge to the aforementioned Union time, with the prior approval of the Fire Chief or his/her designee, provided 48 hours notice is given, and further provided that such meetings will cause no adverse impact to Department operations. Any regular or probationary employee in the classified service being inducted or otherwise entering the armed forces of the United States in time of war, or pursuant to the Selective Service Act of 1948 as amended, or of any other law of the United States, shall be granted military leave of absence without pay for the period of the military service required of him/her, and on completion thereof be reinstated in the

Absences from duty for required military reserve training in excess of two hundred and forty (240) working hours per calendar year or for any non-required military reserve training for which the employee initially volunteered shall not be compensated for by the City. A copy of the employee's military orders certifying his/her training assignment shall be submitted by the employee to the Fire Chief and the Human Resources Department immediately upon receipt by the employee. An employee who is required to attend military duty training which falls or occurs during regular working hours and which exceeds the two hundred and forty (240) working hours provided above will be granted time off without pay. Due to the unique 24 hours shift schedule, the employee may break the absence time into 12 hour blocks and will be charged for a 6 hour block of time in order to facilitate travel and military duty requirements.

The employee shall be required to provide timely notice of such training assignments to the City of such training assignments. Failure to provide any of the timely notices herein required of an employee's military orders to the Fire Chief and the Human Resources Department shall be considered just cause for disciplinary action not to exceed a three (3) day suspension.

B. For the purposes of this Section, "armed forces" shall be defined to include:

2. The auxiliary services directly necessary to and actually associated with the armed forces of the United States, as may be determined by the City.

1. If still qualified to perform duties of his/her former position, the employee shall be restored to position or to a position of like seniority, status and pay; or
2. If not qualified to perform the duties of his/her former position by reason of disability sustained during such service but qualified to perform the duties of any other position in the employ of the City, the employee shall be restored to such other position, the duties of which the employee is qualified to perform, as will provide the employee with like seniority, status and pay, or the nearest approximation thereof consistent with the circumstances in his/her case.
3. In the event no vacancy exists in the appropriate class and there is an employee in such class serving a probationary period who has not acquired regular status, then such probationary employee shall be laid off and the returning employee reinstated.
4. If a returning employee has regular status and cannot be reinstated under the provisions of paragraph (3) above, then the employee having been employed in the appropriate class for the shortest period of time shall be laid off and the returning employee reinstated.
5. A returning employee shall have the same status as prior to the beginning of his/her military leave. The employee shall be allowed to take any subsequently administered examination for promotion after return that he/she would have been eligible to take had he/she not been on military leave, and shall be required to complete any uncompleted period of probation. No grievance shall be filed or processed by any other employee or the Union in connection with this paragraph.
6. The employee shall submit to such medical and/or physical examinations as the City Manager shall deem necessary to determine whether or not such military service has in any way incapacitated him/her for the work in question; provided however, that as far as practicable any employee returning with disabilities shall be placed in such employment as the City Manager shall deem suitable under the circumstances.
7. Any regular or probationary employee receiving a dishonorable discharge from the armed forces shall not be reinstated to any position in the City service.
8. An employee granted a military leave of absence shall, insofar as possible, have all the rights and privileges he/she would have had if he/she had remained on duty including cumulative seniority, and except as otherwise provided in these Rules and Regulations, all other benefits dependent on length of employment to the same extent as if the employee had not been absent on such leave.

An employee returning from military service shall be reinstated to active City service at the earliest possible date following application for such reinstatement, consistent with the best interests of the City service and taking into consideration necessary adjustments of staff. However, in no event shall this period be more than thirty (30) calendar days. The City shall have the right as part of directing the employee's duties upon returning to work, to assign the employee to such training as is necessary in its judgment to ensure the employee's familiarity with job duties and knowledge.

9. Eligible employees will be paid in accordance with Sections 115.09 and 115.14, Florida Statutes.

Section 9. Parental Leave

The City will provide up to three shifts for 53/50-hour weekly schedule employees and one week (40 hours) for 40-hour weekly schedule employees of paid parental leave following the birth of an employee's child or the legal permanent placement of a child with an employee in connection with adoption or foster care. This paid leave will run concurrently and in conjunction with the Family and Medical Leave Act.

Eligible employees must meet the following criteria:

- (ii) Have worked at least 1,250 hours during the 12 consecutive months immediately preceding the date the leave would begin.
- (iii) Be a regular full-time employee.

- (i) To bond with the newborn child within one year of birth.
- (ii) The legal permanent placement of a child with the employee for adoption or foster care and to care for the newly placed child within one year of placement.

The fact that a multiple birth, adoption or placement occurs (e.g., the birth of twins or adoption of siblings) does not increase the total amount of paid parental leave granted for that event. In addition, in no event will an employee receive more than three shifts for 50-hour weekly schedule employees and one week (40 hours) for 40-hour weekly schedule employees of paid parental leave in a rolling 12-month period, regardless of whether more than one birth, adoption or foster care placement event occurs within that 12 month time frame.

Paid parental leave is compensated at 100 percent of the employee's regular, straight-time weekly pay. Paid parental leave will be paid on a biweekly basis on regularly scheduled pay dates.

Approved paid parental leave may be taken at any time during the 12-month period immediately following the birth, adoption or legal permanent placement of a child with the employee. Paid parental leave may not be used or extended beyond this 12-month time frame.

Employees must take paid parental leave in one continuous period of leave and must use all paid parental leave during the 12-month time frame indicated above. Any unused paid parental leave will be forfeited at the end of the 12-month time frame.

The employee will provide their supervisor and the Human Resources Department with notice of the request for leave at least 30 days prior to the proposed date of the leave (or if the leave was not foreseeable, as soon as possible).

Employees must return to work for the City for at least 6 months following the paid parental leave. An employee will be responsible for repayment if this commitment is not fulfilled. The repayment will be deducted from the employee's sick time balance first, followed by their personal floating holiday and then vacation.

The City agrees to maintain the current Benefits Committee recommendation process culminating in final action by the City Council to determine medical insurance premiums for employees and their dependents for the duration of this Agreement. The City further agrees that during the life of the agreement, the City will make available to employees the option of at least one health insurance plan for which the City shall pay 100% of the premium for the employee only base benefit plan cost, it being understood that such base plan may provide a different level of benefit than that which is currently provided. The City-wide and Fire Department standards shall be in writing. The Union will provide input as the standards are developed and/or modified. If the Union refuses to participate or provide input, the City and the Fire Department maintain the right to change the process. The City recognizes that members of the Fire Department are protected by the "Firefighter Bill of Rights" and any disciplinary action will conform to the guidelines of that law.

ARTICLE 14 SENIORITY, LAYOFF, AND RECALL

Section 1. Seniority

A. Definition -- Seniority is hereby defined as the length of continuous service in City employment except as applied to vacation preference, promotions, layoffs, and assignments.

B. How Measured

- 1.** In the event an employee transfers from the Fire Department to another position within the City and, at a later date, transfers back to the Fire Department, the seniority date for the purpose of layoff, promotions, and transfers, shall be the date the employee transfers back into the Department.
- 2.** Any employee who transfers from another City department to the Fire Department shall retain full City seniority with regards to vacation and sick leave accrual. However, for purposes of layoff, departmental seniority shall prevail. In regards to pay and pensions, the applicable civil service rules or City Pension ordinance shall apply.
- 3.** In the event two or more employees have the same seniority date, the employee whose first letter of his/her last name is closest to the letter "A" shall have more seniority.
- 4.** The seniority list on the date of this agreement shall reflect names, job titles, and seniority dates (departmental and City) of all employees.
- 5.** The City will maintain a current seniority list at all times and will provide the Union with copies of such list in December and June of each year.
- 6.** Emergency, provisional, seasonal, and temporary part-time employees shall not accumulate seniority during any period of such employment.

- C.** Continuous service shall mean employment by the City in a position in the classified service without interruption or break, except that the following shall not be considered as breaks in employment:
1. Leaves of absence or time off with or without compensation granted pursuant to this Contract. The length of any such leave shall not be deducted from the length of continuous service in computing seniority.
 2. Layoffs for lack of work, lack of funds, abolition of position, or because of material changes in duties or organization, not exceeding one year in length, followed by reinstatement or by appointment from the reemployment list. The length of any such layoff shall not be deducted from the length of continuous service in computing seniority.
 3. Disability retirement if and when followed by reinstatement. The length of any such disability retirement shall not be deducted from the length of continuous service in computing seniority.
 4. Suspensions of less than three months in accordance with this Agreement. The length of any such suspension of more than three months shall be deducted from the length of continuous service in computing seniority.
 5. Dismissals subsequently withdrawn or modified by the Appointing Authority, arbitration award, grievance decision, or the Civil Service Board in accordance with this Agreement.
 6. Resignations subsequently withdrawn, in accordance with this Agreement, within six months after acceptance, followed by reinstatement or appointment from the reemployment list; provided, however, that the actual length of separation from the service shall be deducted from the length of continuous service in computing seniority.
- D.** Uses -- In addition to the circumstances and conditions wherein, by the provisions of this Agreement and/or these Rules, seniority has been determined to be the controlling factor, it shall also be given reasonable consideration in determining the order of layoff, the order of names on a reemployment list and in promotions in accordance with the rules governing those procedures.
- E.** Transfer -- In the event of a transfer or appointment from certification to another department, an employee shall retain all accumulated seniority.

Section 2. Layoffs

- A.** In the event of layoffs, all probationary status employees in the class involved shall be laid off before any permanent status employees in the class involved. The order of layoff of probationary employees shall be determined by management evaluations of the performance and potential of the employees.
- B.** In the event further layoffs are required, such layoffs shall be accomplished by class groups of Firefighter, Firefighter/Driver-Operator, Fire Medic, Fire Lieutenant, Fire Medic Lieutenant, and Fire Prevention Inspector. Notwithstanding anything to the contrary contained in this.

Agreement, Management shall determine the number of employees to be laid off and the class or classes involved. An employee who is designated to be laid off shall have the opportunity to revert to the position

he/she held prior to his/her current classification. If this movement requires further reduction in the work force, the same procedure shall be utilized for subsequent positions in accordance with this section, and the process continued through the ranks thereafter.

Within the involved classes, layoffs shall be accomplished by the following groupings:

1. Group A -- Employees with one through three years of service in the Clearwater-Fire Department.
2. Group B -- Employees with four through six years of service in the Clearwater Fire Department.
3. Group C -- Employees with seven through nine years of service in the Clearwater Fire Department.
4. Group D -- Employees with 10 through 12 years of service in the Clearwater Fire Department.
5. Group E -- Employees with 13 through 15 years of service in the Clearwater Fire Department.
6. Group F -- Employees with 16 through 18 years of service in the Clearwater Fire Department.
7. Group G -- Employees with 19 or more years of service in the Clearwater Fire Department.

All employees in Group A must be laid off before any employees listed in Group B; all employees in Group B must be laid off before any employees listed in Group C; etc. Within each group, employees shall be ranked by management and employees laid off by the rank order established. Management rating of employees can be based upon performance evaluations by management of the preceding 3-year period (if available), disciplinary actions, and physical ability to perform the job. When other qualifications are substantially equal, Fire Department seniority will govern. Management will provide a list of the rank order within Groups prior to the layoff.

Section 3. No new employee shall be hired until the employee on layoff has been given an opportunity to return to work at his/her original seniority date and position; provided, that after one year of layoff the employee shall cease to accrue seniority and that such reemployment rights shall cease after two years from the date of layoff.

Section 4. The Fire Chief shall give written notice to the Human Resources Director and to the affected employee(s) including the President of the Union, on any such proposed layoff.

Such notice shall state the reason thereof and shall be submitted 30 days before the effective date of proposed layoff.

ARTICLE 15 DURATION, MODIFICATION, AND TERMINATION

Section 1. Amendments

This Agreement may be amended at any time by the mutual written consent of the parties, but no such attempted amendment shall be of any force or effect until placed in writing and executed or ratified as required by each party hereto.

Section 2. Severability and Waiver

- A.** In the event that any clause or clauses in this Agreement shall be finally determined to be in violation of any law, such clause or clauses only shall be deemed of no force and effect and unenforceable, without impairing the validity and enforceability of the rest of the contract, including any and all provisions in the remainder of any clause, sentence or paragraph in which the offending language may appear.

Failure to notify the other party of intention to modify, amend or terminate, as herein above set forth, will automatically extend the provisions and terms of this Agreement for a period of one year, and each year thereafter absent notification.

IN WITNESS WHEREOF, the parties hereto have hereunder set their hands and seals this

ADDENDUM

MILITARY AND PRIOR FIREFIGHTER BUYBACK

Military and prior firefighter buybacks

(1) Buyback of prior fire service. The years or fractional parts of years that a Member previously served as a firefighter for any other municipal, county or state fire department in the State of Florida shall be added to his or her years of credited service provided that:

(a) The member contributes to the fund an actuarially determined amount so that the crediting of the purchased service does not result in any cost to the fund plus payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service. A member who does not purchase years of credited service shall be responsible for the payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service.

(b) Multiple requests to purchase credited service pursuant to this section may be made at any time prior to retirement. A firefighter member may only purchase prior firefighter service.

(c) Payment by the member of the required amount can be made by either lump sum payment or equal biweekly installments. Payment by lump sum shall be made within six months of the request for credit. Payment by payroll deductions shall be in equal biweekly installments for a period which shall not exceed the number of years being purchased. A member making installment payments shall be charged interest based on the actuarially assumed rate of return at the time the purchase is made and shall complete all required payments prior to payment of any benefit under this section.

(d) The maximum credit under this section for service other than with the City of Clearwater when combined with credited service purchased pursuant to section (2) military service prior to employment, shall be five years of credited service and shall count for all pension purposes, except vesting and eligibility for disability benefits off-duty.

(e) In no event, however, may credited service be purchased pursuant to this section for prior service with any other municipal, county or state fire department, if such prior service forms or will form the basis of a retirement benefit or pension from another retirement system or plan.

(f) For purposes of determining credit for prior fire service as a firefighter as provided for in this section, in addition to service as a firefighter in this state, credit may be given for federal, other state, or county service if the firefighter provides proof to the board that such service is equivalent to the service required to meet the definition of a firefighter under section 2.412.

(2) Military service prior to employment. The years or fractional parts of years that a firefighter serves or has served on active duty in the military service of the Armed Forces of the United States, the United States Merchant Marine or the United States Coast Guard, voluntarily or involuntarily and honorably or under honorable conditions, prior to first and initial employment with the city of Clearwater fire departments shall be added to his or her years of credited service provided that:

(a) The member contributes to the fund an actuarially determined amount so that the crediting of

the purchased service does not result in any cost to the fund plus payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service. A member who does not purchase years of credited service shall be responsible for the payment of costs for all professional services rendered to the board in connection with the purchase of years of credited service.

(b) Multiple requests to purchase credited service pursuant to this section may be made at any time prior to retirement.

Payment by payroll deductions shall be in equal biweekly installments for a period which shall not exceed the number of years being purchased. A member making installment payments shall be charged interest based on the actuarially assumed rate of return at the time the purchase is made and shall complete all required payments prior to payment of any benefit under this section.

(d) The maximum credit under this section when combined with credited service purchased pursuant to section (1), buyback of prior fire service for service other than with the City of Clearwater shall be five years.
